8* MOTION (Hon. Wilson Keter)

THAT aware that one of the functions which was devolved to the county governments under part II of the fourth schedule of the constitution of Kenya 2010 is that of promotion of primary health-care and provision of child-care facilities; also aware that Article 54(1) states that a person with disability is entitled to be treated with dignity and respect and that the state should take appropriate measures to mitigate cases of disability; further aware that most of the disability cases do occur at early ages owing to lack of early medical intervention; deeply concerned that such cases continue to rise within the county; this House urges the County Government of Bomet to establish early assessment centers across the county to ascertain the levels of disability for such minor persons living with disability within the county to facilitate early intervention and appropriate action.
