## ANNEX OF COUNTY PROJECT AND PROGRAMME PRIORITIES

TABLE A1 : OFFICE OF THE GOVERNOR

Sub-county	Ward	Activities	Priority Ranking				
			Year 1	Year 2	Year 3	Year 4	Year 5
County	County Head Quarters	Construction and equipping of County Office Head Quarters with parking bays					
		Construction and furnishing of Governors Residence					
		Establishment of a printing press					
		Establishment of a Maintenance Workshop and fuel pump					
		Construction of a County Training and Conference Centre					
		Construction of a Citizen Centre					
Sub County Level		<b>Buildings(Field)</b>					
		Construction of 5 sub county Offices					
		Construction of 25 ward offices					
		Construction of 2 Town Offices					
		<b>Vehicles</b>					
		Purchase 6 vehicles for county Head quarters					
		Purchase of 5 vehicles for sub counties					
		Purchase of 25 vehicles for wards					
		Purchase of 4 vehicles for Town Administrators					
		<b>Motor Bikes</b>					
		Purchase of 5 motor bikes for Head Quarters					
		Purchase of 67 motor bikes for wards					
County Level		<b>Programs</b>					
		Develop HR and other Policies					
		Training and Capacity Building for all staff					
		Recruitment of Personnel					

		Performance contracting					
		Consultancy Services					
		Legal Drafting					
		Develop Citizen Service Charter					
		Install GPS tracking System					
		Setting up County Radio/TV stations					
		Set up a County Newspaper					

**TABLE A2:FINANCE,ICT AND ECONOMIC PLANNING**

Sub Programmes	Activities	Year 1	Year 2	Year 3	Year 4	Year 5
<b>Setting up E-Government &amp; IFMIS</b>	Establishan ICT Committee. ICT Policy in place, Local Area Network, Automate revenue collection. Procurement Enterprise Resource Planning Software					
	Connect all sub counties to Wide Area network and Train of Staff on ICT					
	Connectivity to Fibre Cable, Training, maintenance and upgrading					
<b>Establishment of Emergency Fund</b>	1.2% of the total allocation					
	1.4% of the total allocation					
	1.6% of the total allocation					
	1.8% of the total allocation					
	2.0% of the total allocation					
<b>Enhancement of Revenue Collection</b>	Develop a revenue generation strategy and integrate IFMIS with ERP					
<b>Establishing an External Resource Mobilization Centre</b>	Establish a resource mobilization centre					
<b>Strengthening of Procurement of Goods &amp; Services</b>	Develop procurement and financial management manuals					
	Procure a generator. Inventory all assets and compliance with procurement laws					
<b>Capacity Building for Finance Management</b>	Undertake training on IFMIS, PFM Act, ERP and Financial Management					

WARD	PROGRAMMES	PRIORITIES	Year 1	Year 2	Year 3	Year 4	Year 5
COUNTY	County Development Plans	Development of County Integrated Development Plan					
		Development of sectoral plans					
		Undertake MTEF process					
		Review of county development plans					
	M&E framework	Establishment of County Integrated Monitoring and Evaluation System including e-ProMIS					
		Carry out monitoring and evaluation on development programmes and projects and					
	Statistical tools	Develop statistical tools for development and analysis of: Poverty index, GDP, Literacy index, population and review and review					
	Inter- county development programmes and projects, Bench marking of economic development issues	Promote inter-county forums to harmonise projects and programs through Case studies and exchange programmes on implementation of projects					
	Secretariat Services	Provide technical support to county planning unit, County Budget and Economic Forum and Intergovernmental Budget and Economic Council					
	Authentification/ Verification of county profiles	Comprehensive verification of existing county profiles					
	Capacity building	Strengthen capacity in relevant skills for effective services delivery					

**TABLE A3: AGRIBUSINESS AND CO-OPERATIVES**

Sub-county	Ward	Activities	Year 1	Year 2	Year 3	Year 4	Year 5
<b>VETERINARY SERVICES</b>							
SOTIK	CHEMAGEL	Construction of new cattle dips at Tuiyoibei, Chepkosiom, Soymet					
	KAPLETUDO	Construction of new cattle dips at Chebilbout, Chesoen, Kapkoitim, Kenene, Cheplendeneit, Keronjo, Chemobei, Kamungei					
BOMET CENTRAL	MUTARAKWA	Construction of new cattle dip at Njorwet					
	SINGORWET	Construction of new cattle dip at Chepkitwal					
CHEPALUNGU	KONGASIS	Construction of new cattle dip at Mengwet					
	SIONGIROI	Construction of new cattle dips at Kiptage, Kabambam					
	NYONGORES	Construction of new cattle dips at Kabewor Dam, Ngocho, Metipso, Kamatisio					
	CHEBUNYO	construction of new cattle dips in areas to be identified by community					
BOMET EAST	KIPRERES	Construction of new cattle dips at Kiptunoi, Ndabibi, Kures, Kechingo					
	LONGISA	Construction of new cattle dips at sites to be identified by community					
CHEPALUNGU	SIONGIROI	Completion of structural works at Ndamichonik dip					
	NYONGORES	Completion of structural works at Oldadal dip					
SOTIK	CHEMAGEL	Completion of structural works at Kimase dip					
SOTIK	ROGENA	Renovation of the following dips: Tembwo, Kaitit, Mabwaita, Kamonyongoi, Kiplabotwa, and Burgei					
	KIPSONOI	Renovation of the following dips: Cheptebe, Kapsomoita, Sugutek					
	KAPLETUNDO	Renovation of the following dips: Cheutwa, Kimolwet, Chebirbelek, Kimingei, Kimawit					
BOMET CENTRAL	SILIBWET	Community to identify collapsed dips to be renovated and charged					
	CHESOEN	Community to identify collapsed dips to be renovated and charged					
	SINGORWET	Community to identify collapsed dips to be renovated and charged					
	EMBOBOS	Community to identify collapsed dips to be renovated and charged					
CHEPALUNGU	KONGASIS	Community to identify collapsed dips to be renovated and charged					
	SIONGIROI	Community to identify collapsed dips to be renovated and charged					

	CHEBUNYO	Community to identify collapsed dips to be renovated and charged					
	SIGOR	Community to identify collapsed dips to be renovated and charged					
BOMET EAST	KIPRERES	Community to identify collapsed dips to be renovated and charged					
	KEMBU	Community to identify collapsed dips to be renovated and charged					
	LONGISA	Community to identify collapsed dips to be renovated and charged					
	MERIGI	Renovation of the following dips: Eworet, Chepkositonik, mataringe, sugutek, kapsabet					
CHEPALUNGU	SIONGIROI	Construction of category C abattoirs at: Chepwostuiyet, Siongiroi					
	CHEBUNYO	Construction of category C abattoirs atChebunyo					
	SIGOR	Construction of category C abattoirs atSigor					
SOTIK	ROGENA	Construction of category C abattoirs atKaptebengwo					
	CHEMAGEL	Construction of category C abattoirs atSotik					
	KIPSONOI	Construction of category C abattoirs atChebole					
	KAPLETUNDO	Construction of category C abattoirs atSiroin					
BOMET CENTRAL	MUTARAKWA	Construction of category C abattoirs atKanusin					
KONON	EMBOBOS	Construction of category C abattoirs atEmbombos					
	BOITO	Kaptebengwet					
	MOGOGOSIEK	Construction of category C abattoirs ata location away from town					
BOMET CENTRAL	SILIBWET	Kapsimotwo, Kiplelji(land available)					
BOMET EAST	KEMBU	Construction of category C abattoirs at Kemu					
BOMET TOWN	TOWN	Construction of category B abattoir ata location away from town					
BOMET EAST	MULOT	Construction of category B abattoir ata location away from town					
County	ALL WARDS	Program for training of dip committees					
County	ALL WARDS	Offering of veterinary extension services					
County	ALL WARDS	Conduct programs for disease surveillance and monitoring					
County	ALL WARDS	Inspections and certification of abattoirs, hides premises, AI equipments, flayers, meat carries, AI inseminators, and veterinary pharmaceuticals					
County	ALL WARDS	Operationalisation of abbatoirs					

County	ALL WARDS	Purchase and delivery of veterinary vaccines					
County	ALL WARDS	Livestock welfare enforcements and public awareness					
County	ALL WARDS	Renovation of all existing slaughter slabs					
SOTIK	SOTIK	Operationalisation of veterinary lab in Sotik					
SOTIK	SOTIK	Livestock pounds and rescue centre					
SOTIK	SOTIK	Fencing of Sotik vet farm					
BOMET CENTRAL	MUTARAKWA	Construction livestock sales yard at Kanusin					
KONIN	MOGOGOSIEK	Construction livestock sales yard at Mogogosiek					
CHEPALUNGU	SIGOR	Construction livestock sales yard at Sigor					
	NYONGORES	Construction livestock sales yard at Itembe					
	KONGASIS	Construction livestock sales yard at Kongasis					
BOMET EAST	MERIGI	Construction livestock sales yard at Sugutek					
BOMET CENTRAL	SINGORWET	Construction of hides and skins curing premises at; Singorwet, Mugango					
KONIN	MOGOGOSIEK	Construction of hides and skins curing premises at; Mogogosiek					
CHEPALUNGU	CHEBUNYO	Construction of hides and skins curing premises at Chebunyo					
<b>AGRICULTURE SUB SECTOR</b>							
All Sub-Counties, except Chepalungu		Bulking/multiplication of Irish Potato clean seed					
All Sub-Counties		Promotion of fruit farming by up scaling production of grafted seedlings and tissue culture bananas					
All Sub-Counties, except konoin		Establishment of Small scale Irrigation for production of off season high valued crops					
All Sub-Counties		Promotion of modern Small scale Greenhouse technology (tomatoes)					
All Sub-Counties		Establishment of cottage industries for processing of potatoes & tomatoes					
All Sub-Counties, except Konoin		Coffee promotion (Nursery establishment & Cottage processing)					
All Sub-Counties	All wards	Carry out field days & demonstrations					
All Sub-Counties	All wards	Carry out surveillance of Pests/Diseases & Food Balances					

County	All Wards	Agricultural exhibition /Show					
All Sub-Counties	All wards	Promotion of Agro-forestry & Soil conservation					
All Sub-Counties	All wards	Disseminate modern agric. techniques through extension services					
All Sub-Counties	All wards	Establishment of model farms					
All Sub-Counties	All wards	Construction of grain storage facilities for small scale farmers					
All Sub-Counties	All wards	Establishment fresh produce market & collection sheds					
All Sub-Counties	All wards	Procurement of mobile maize driers					
County	All wards	Creation of Food Security Fund					
County	All wards	Provision of diagnostic services (soil analysis and disease diagnosis) fund					
County	All wards	Conduct Agricultural Committee forums					
County		Staff training					
County	All S/C except Chepalungu	Upgrading of model tea buying centres in 4 sub counties into cooperative hubs					
All Sub-Counties	All wards	Introduction of floriculture (Roses) greenhouses by small holder farmer groups					
County	All wards	Construction of Cut flower Pack-house & cold store (centralized)					
County	All wards	Procure refrigerated cut flower transportation trucks					
County	All wards	Carry out maize milling & packaging feasibility study					
All Sub-Counties	All wards	Conduct Environmental impact assessments for proposed projects					
County	All wards	Carry out feasibility studies for high value market development for tea & horticultural products					
County	All wards	Formation of Tea sub-sector development commission					
County		Bomet Agriculture Training Centre (ATC) infrastructure development					
County		Establishment Bomet Agriculture Training Centre (ATC) Fruit Tree Nursery					
County		Establish Bomet ATC irrigation project					
All Sub-Counties		Improvement of dairy cow production and management					
All Sub-Counties		Promotion of poultry production					
All Sub-Counties		Promotion of Bee-keeping					
All Sub-Counties		Promotion of dairy goat production					

<b>RONGENA WARD</b>	Construct milk cooling plants at Tembwo, Kaitit, Kipngosos and Saruchat	Mobilization of farmers to establish a multipurpose cooperative society – Rongena					
		Establishment of a milk cooling plant in Tembwo/Kaitit					
		Establishment of a satellite cooler in Saruchat					
		Establishment of a satellite cooler in Simbi					
	Provision of subsidized Artificial Insemination (AI) services in the ward	Establishment of breeding infrastructure within the Cooperative society - to be located either at Tembwo or Kaitit Initially					
		Establishment of breeding infrastructure within the Cooperative society - to be located at Saruchat & Simbi					
	Provision of Coffee pulping machines	Reviving and strengthening the existing coffee cooperative society					
		Strengthening the existing coffee cooperative society and establishing a coffee pulping plant					
	<b>EMBOMOS WARD</b>	Revive Farmercooperative societies for effective marketing of farm products including dairy	Mobilisation of farmers to establish a multipurpose cooperative society in Cheptalal				
			Establishment of a milk chilling plant in Cheptalal				
			Mobilization of farmers to establish a multipurpose cooperative society in Siomo				
		Set up AI services within the ward	Establishment of livestock breeding infrastructure within the Cheptala Cooperative society				
			Establishment of livestock breeding infrastructure within Siomo Cooperative society				
		Establish a depot for farm produce in Cheptalal	Establishment of fresh produce warehouse & coldrooms and link them to cooperatives				
		Fund activities of Toben Tai co-operative society Ltd	Provision of technical support and training activities for active sacco in the ward				
		Establish producer, savings and credit societies at kiptenden location					
		Promote Bee keeping	Promotion of beekeeping cooperatives among the youth through introduction of langstroth hives and honey processing equipments				
		Promote fish farming and set up a refrigeration	Establishment of cold storage facilities for the fish for onward marketing				

	plant						
	Set up an Hatchery at Cheptalal	Promoting the adoption of modern techniques of poultry farming & hatchery management at Cheptalal					
<b>KIPSONOI WARD</b>	Establish milk cooling plants at Chebole, Oldebesi cooperative, Motiret and Kiptulwa	Mobilisation of farmers to establish a multipurpose cooperative society for subsequent establishment of a milk chilling facility at chebole to serve Kipsonoi, Mutarakwa, Kiptulwa and Kapkures					
		Establishment of a milk chilling facility at chebole to serve Kipsonoi, Mutarakwa, Kiptulwa and Kapkures					
		Establishment of a satellite milk cooler at Kiptulwa					
	Provision of subsidised AI services in the ward	Establishment of livestock breeding infrastructure within the Kipsonoi & Mutarakwa Cooperative societies					
		Establishment of livestock breeding infrastructure within Kiptulwa Cooperative society					
		Establishment of livestock breeding infrastructure within the Kapkures Cooperative society					
	Establish a green house near Tuyobei dam	Establishment of fresh produce warehouse & cold rooms and link them to cooperatives					
		Establishment of fresh produce warehouse & cold rooms at Sigorian & Oldebesi					
	Construct a tea buying centre at Chebango	Mobilization of famers to establish a multipurpose cooperative society for further establishment of a modern tea buying centre/leaf base					
	Introduction of finger lings at Ngenda dam	Establishment of cold storage facilities for the fish for onward marketing					
	Establish a Hatchery at Sigorian/Oldebesi	Promoting the adoption of modern techniques of poultry farming & hatchery management at Oldebesi/Sigorian					
<b>NDARAWETA WARD</b>	Establish milk cooling plants at Nyongores and Ngainet	Mobilisation of farmers to establish a multipurpose cooperative society and for subsequent establishment of a milk chilling facility at Marinyin to serve all parts of Ndaraweta					
	Formation of potato, poultry, cereal and dairy cooperatives						
	Provision of AI services in the whole ward	Establishment of livestock breeding infrastructure within the Cooperative society					

	Formation of potato, poultry, cereal and dairy cooperatives	Establishment of fresh produce warehouse & cold rooms and link them to the cooperative				
	Establish an agricultural commodity market at Teganda for all agricultural produce as well as greenhouse at Teganda	Establishment of fresh produce warehouse & cold rooms and link them to the cooperative				
	Establish a Hatchery at Kabusare	Promoting the adoption of modern techniques of poultry farming & hatchery management at Kabusare				
	Value addition and marketing of all agricultural produce in the area e.g. Tea, potatoes, milk, passion fruits, bananas	Construction of Tea Buying centres linked to farmers cooperative				
<b>CHEMAGEL WARD</b>	Construction of a milk cooler plant at Soymet market and Kamirai	Establishment of a multipurpose cooperative society to serve soymet, lulusik and yaganek				
	Provision of subsidised AI and extension services in the ward	Establishment of livestock breeding infrastructure within the Cooperative societies				
	Establishment of nurseries and coffee farming at Kipajit, Sotik and Chebongi	Establishment of a multipurpose cooperative society to serve coffee farmers – Kipajit				
		Establishment of a multipurpose cooperative society to serve coffee farmers – Sotik				
		Establishment of a multipurpose cooperative society to serve coffee farmers – Chebongi				
	Capacity building of active sacco - Kotabgor & others	Building the capacity of Sacco staff members, committees and members.				
	Establish cold storage facilities for horticulture	Establishment of warehousing and cold storage facilities and link them to the cooperative societies – Sotik				
		Establishment of cold storage facilities linked to the cooperative societies in Lebekwet				

		Establishment of cold storage facilities and link them to the cooperative societies – Kamirai					
	Complete the construction of Yaganek-Lebekwet tea buying centres	Mobilisation farmers to establish a multipurpose cooperative society in the ward to establish a modern tea buying centre/leaf base					
	Establishment of a fish pond in every sub location: Sotik, Kipajit, Chebongi for demonstration and fingerlings	Mobilisation of farmers to form cooperatives society and invest in fish farming – Sotik					
		Supporting establishment of a fish pond to be linked to a cooperatives at Kipajit					
		Supporting the linkage fish pond to coops at chebongi					
	Promote Rearing of goats	Link to existing cooperative societies					
	Promote bee keeping in the area	Link to existing cooperative society					
<b>BOMET TOWN</b>	Support improved storage for agricultural produce.	Construction of a depot for agricultural produce and cold storage facilities for tomatoes, potatoes etc					
	Support and encourage formation of a PSV Sacco to ease management of the PSV activities and provide financial support for the members	Provide technical support and training activities for active sacco					
<b>CHEPCHABAS WARD</b>	Funding of Chepchabas co-operative society to serve more members	Mobilisation of farmers to establish a multipurpose cooperative society to construct a cereals store in the ward					
		Capacity building of Sacco staff members, committees and members.					
<b>MUTARAKWA WARD</b>	Establish milk cooling plants in Tarakwa and Kanusin	Mobilization of farmers to establish/revive multipurpose cooperative societies both the East Sotik and Mutarakwa Cooperative Societies. This will promote all key economic activities in livestock including dairy cows, goats, poultry and beekeeping					
	Revive East sotik milk Cooling plant	Establishment of efficient milk collection points linked to a cooling plant					
	Promotion of AI services and extension services	Establishment of livestock breeding infrastructure within the Cooperative society					

	Promotion Rabbit and poultry keeping.	Promoting the adoption of modern techniques of poultry farming					
	Establish one Sacco targeting the youth in the ward	Mobilization of farmers to establish cooperative societies targeting the youth within the ward for promotion of various income generating activities					
	Construction of modern tea buying centres	Mobilization of farmers to establish a multipurpose cooperative society in the ward to establish a modern tea buying centre/leaf base					
	Construction of a demonstration Green house at Arap Tele Sachangwan	Establishment of fresh produce warehouse & cold rooms and link them to cooperative					
	Promote coffee farming & pulping plant	Reviving and strengthening the existing coffee cooperative society					
<b>BOITO WARD</b>	Support Iria-maina Cooperative society by expanding its hydro-electric project to enable them serve more people	Strengthening and supporting Iria-maina Cooperative society					
	Form a cooperative dealing with poultry keepers.	Mobilization of farmers to revive Koitalel multipurpose cooperative society and subsequently a milk chilling facility at Boito					
	Revive Koitalel farmers' society.						
	Construct a milk cooling plant for the ward.						
	Establishment of a cooling plant in Boito ward						
	Mobilization of farmers to establish a multipurpose cooperative society in the ward which will establish a modern tea buying centre/leaf base						
	Avail A.I services in the location	Establishment of livestock breeding infrastructure within the Cooperative society					
<b>KIMULOT</b>	Undertake funds disbursement through cooperatives & Support and encourage women and youth to form SACCOS	Provision of technical support and training activities for active saccos in the ward					

	Provide AI services to community members in the ward and Provide extension services in farming and livestock keeping.	Establishment of livestock breeding infrastructure within the Cooperative society					
	Start the value addition plant for tea	Mobilization of farmers and youth to establish a farmers tea society involved in transportation and machine tea harvesting					
	Fish farming to be introduced in the ward	Establishment of cold storage facilities for the fish for efficient marketing					
	Mobilization of farmers establish a multipurpose cooperative society in the ward to subsequently establish a modern tea buying centre/leaf base						
	Support 5 groups in each sub location in poultry farming	Promoting the adoption of modern techniques of poultry farming					
<b>MERIGI</b>	Equip, fence and operationalize sugutek and merigi milk cooling plants	Strengthening Merigi Multipurpose cooperative society to run cooling plants at Merigi					
		Establishment of Sugutek dairy cooperative society and subsequently establish a chilling facility for its dairy farmers					
	Support of youth and women in forming and joining SACCOS and cooperatives	Establishment of a SACCO linked to Merigi Cooperative society					
	Promotion of existing SACCOS and cooperatives						
	Establish a potato cooling facility at Merigi	Establishment of fresh produce warehouse & cold rooms and link them to cooperatives					
	Establish green houses in every sub location across the ward						
	Establish hatcheries in every location across the ward	Promote up take of modern techniques of poultry farming & build a hatchery at Kapsimbiri and Chepngaina					
<b>LONGISA</b>	Establishment of Farmers Cooperatives Societies. I.e. Kapcheluch, Legimbo, Kapkimolwo and Longisa.	Establishment of farmers cooperative societies					

	Upgrading Longisa milk processing plant cooperative.	Strengthening Longisa multipurpose cooperative society					
	Establishment of chicken hatcheries	Promoting the adoption of modern techniques of poultry farming & hatchery management at Longisa					
	Purchase of dairy goat breeds	Identification and linkage dairy goat farmer groups to Longisa cooperative society					
	Establishment of Coffee Nurseries and acquisition of ECOPULMER Machine at Kakimirai	Revival and strengthening the existing coffee cooperative societies					
	Construction of demonstration horticulture centres (greenhouse) at longisa.	Establishment of fresh produce warehouse & cold rooms and link them to cooperative society					
	Provision of fish fingerlings and establishment of fishponds.	Establishment of cold storage facilities for the fish for improved fish marketing					
<b>KEMBU</b>	Sot dairy company to be converted from a company into a cooperative society	Convert and strengthen the cooperative society					
	Provision of subsidized Artificial Insemination (AI) services in the ward	Establishment of breeding infrastructure within the Cooperative society					
	Establish Cooling stores for potatoes , at Kambu	Establishment of fresh produce warehouse & cold rooms and linked to existing cooperative societies					
	Construct Tea withering section in all buying centres	Mobilisation of farmers to establish a multipurpose cooperative society in the ward to subsequently establish a modern tea buying centre/leaf base					
	Establishment of coffee nurseries at Mogoma (lower zone)	Strengthening the existing coffee cooperative society in the ward					
	Construct Poultry hatcheries at saoset	Linking poultry farmers to the existing cooperative society					

<b>KONGASIS</b>	Formation of Cooperative, Construction of cooling plants Olbutyo & Makimeny, provision of AI and extension services	Strengthening existing Olbutyo Dairy Cooperative Society and form Makimeny multipurpose cooperative societies linked to the FSA. Support raw milk marketing at Makimeny and set up a chilling plant in year 2					
		Established Olbutyo Milk cooling plant linked to Siongiroi cooling plant					
		Establishment of livestock breeding infrastructure within the Cooperative society					
		Building Capacity of Makimeny farmers cooperative association					
	Construction of cereal depot at mengwet						
	Installation of green houses in every sub location in the ward	Establishment of fresh produce warehouse & cold rooms and link them to the cooperative at Mengwet					
	Provision of coffee genery to boost the coffee plantation	Reviving and strengthening the existing coffee cooperative societies					
	To establish new milk cooling plants in the following priority: Chepwostuiyet, Bingwa and Kipsuter	Establishment of multipurpose cooperative Societies at Chepwostuiyet, Bingwa and Kipsuter. In year one establish a milk cooling facility at Chepwostuiyet					
	Establishment of a milk cooling plant in Bingwa						
	Establishment of a milk cooling plant in Kipsuter						
	To upgrade Siongiroi milk cooling plant to a full milk processing unit	Strengthening of Siongiroi chilling plant to increase its capacity and works towards value addition. Linked to upcoming cooperatives and set up satellite coolers					
	Provision of AI services & extension services	Strengthening the existing livestock breeding infrastructure within the dairy					
	Establish one main depot for grain stores at Siongiroi centre	Linking sale of maize to the cooperative and facilitate it to set up a grain storage facility					
	Establish 5 demonstration green houses in every sub location of the ward	Establishment of fresh produce warehouse & cold rooms and link them to the 4 cooperatives in the ward					
	Establish one main	Construction of a poultry slaughterhouse in siongiroi					

	poultry slaughter house at Siongiroi centre for processing and packaging of chicken						
	Support 5 groups in each sub location in poultry farming	Promoting the adoption of modern techniques of poultry farming					
<b>CHEBUNYO</b>	To establish new milk cooling plants in the following priority: Chebunyo as well as AI and extension services	Establishment of multipurpose cooperative Societies at Chebunyo & Kaboson and Labotiet Dairy					
		Establishment of livestock breeding infrastructure within the Cooperative society					
	Strengthen Labotiet dairy to set up their own structure as they work with NKCC in provision of chilling equipments	Strengthening Labotiet Dairy to construct their own building and increase its capacity and provision of a hybrid of services					
	To offer loans and grants for farming of horticulture, green houses, dairy farming, bee keeping in nogirwet sub location	Providing technical support and training activities in establishment of farmer owned saccoes in the ward linked to the 3 cooperative societies					
	Establishment of a maize silos.	Linking sale of maize to the cooperative and facilitate it to set up a grain storage facility					
	Construction of green houses	Establishment of fresh produce warehouse & cold rooms and linked to the 4 cooperatives in the ward					
	Construction of hatcheries	Promoting the adoption of modern techniques of poultry farming					
	Completion of Labotiet Honey Refinery	Promoting beekeeping among the youth through introduction of langstroth hives and honey processing equipments					
	Expansion of Chebunyo slaughter house & Meat processing plant	Construction of a slaughter house slap for the mobile abattoir					

		Construction of a meat processing plant					
	Establishment of tanneries at Chebunyo centre	Construction of a Tannery in chebunyo					
<b>SILIBWET</b>	Establish milk cooling plant near Tenwek/Koma	Completing the establishment of the cooler plant					
	Provision of subsidized Artificial Insemination (AI) services in the ward	Establishment of livestock breeding infrastructure within the Cooperative society					
	Construction of cold rooms for vegetables and potatoes in Kapsimotwo	Organising farmers to form horticultural cooperative society					
	Construction of a tea buying centre in Chepngaina	Link to an existing cooperative society					
	Promoting the adoption of modern techniques of poultry farming						
	Provision of subsidised Green Houses	Linking of fresh produce stores to an existing cooperative society					
<b>NDANAI</b>	Establishment of milk cooling plant at Ndanai and Gelegele	Completing the construction of Ndanai cooling plant and finance the milk cooler					
	Complete the construction of Gelegele cooling plant						
	Promoting adoption of modern techniques of poultry farming						
	Provision of subsidized Artificial Insemination (AI) services in the ward	Establishment of livestock breeding infrastructure within the Cooperative society for Ndanai and Gelegele					
	Mobilization of farmers to establish a coffee cooperative society						
	Construction and establishment of Tea buying centres	Mobilisation of farmers to establish a tea cooperative society					
	Promotion of cooperative societies for pyrethrum, milk and coffee	Mobilization of farmers for establishment of a multipurpose cooperative society at Chemaner to handle milk, coffee and pyrethrum					
<b>CHEMANER</b>		Mobilisation of farmers to form Horticulture cooperative society and use the Fresh produce market in Mulot					

		Farmer mobilization towards establishment of a coffee cooperative society					
<b>MOGOGOSIEK</b>	Facilitate the formation of cooperative association to establish a milk cooling and packaging plant	Farmer mobilization towards establishment of a multipurpose cooperative society at Mogogosiek to handle milk, fresh produce and green tea					
	Establishment of vegetable cooling plant	Mobilise farmers to form Horticulture cooperative society and use the Fresh produce market in Mogogosiek					
	Revive Konoin tea Sacco and Konoin Women saccos in the ward	Provide technical support and training activities for active saccos in the ward					
	Facilitate the cooperative societies in the 4 locations to procure means of tea transport to processing centres	Formation of youth multipurpose Cooperative to transport tea leaves to processing centres					
	Facilitate the formation of Route transport saccos for PSV, for better organisation of public transport system	Formation of Road transport SACCO in Mogogosiek					
	Support the formation of SACCO for local public transport						
<b>KIPRERES</b>	FSA Cooperatives in Mulot	Provide technical support to Mulot FSA SACCO to provide efficient services to its members					
	Coffee Cooperative society	Establish Siwot coffee cooperative society					
	Sweet potatoes factory	Construction of a sweet potato factory					
	Fresh produce cooler	Mobilise farmers to form Horticulture cooperative society and use the Fresh produce market in mulot					
	Construction of model green houses for demonstration	Linked the horticulture farmers demos to existing cooperatives					

	Equip Cooler Cooperatives in Longisa	Complete and equip milk cooling plant in Longisa					
	Provision of AI services in the whole ward	Establishment of breeding infrastructure within the Cooperative society					
	Milk Cooling Plant for dairy goat milk	Promote establishment of a dairy goat cooperative society					
	Fish farming	supply fingerlings to the community dams at ndubai siwot, kamukamba, cherokoret, kipsirichoik lelach					
	Meat packaging plant	Establish a meat slaughter and packaging plant					
	Hatchery	Promote a farmer pre-cooperative poultry groups					
	Facilitation of registration of farmers groups	Establish a multipurpose cooperative Society at Cheptagum, Kapkesosio and strengthen the one in Itembe					
<b>NYONGORES</b>	Local processing of coffee	Establish a coffee farmers cooperative society in Nyambugo					
	Farmers' access to credit facilities	Provide technical support and training activities in establishment of farmer owned saccos in the ward linked to the 3 cooperative societies					
	Milk cooling machines	Facilitate the construction of a milk cooling plant and milk processing unit for Itembe cooperative society.					
		Support farmers to setting up a milk cooling plant a Kapkesosio and Kimenderit					
	Youth and women	Assist women and youth to form groups linked to cooperatives involved in different income generating activities - Dairy goat, poultry & Greenhouses					
	Build depot for agricultural produce	Construction of a food storage facility at Itembe and at Kimenderit location to guarantee food security					
	Construct a Model greenhouses	Construction of model green houses at Kabewor dam, Kagawet dam and Tarkimo dams for demonstration to farmers.					
	Promoting livestock production in the ward	Link provision of AI nad extension services to the three cooperatives to cover the following areas Kamatisio, Kagawet, Metipso, Kaptembwo, Kabewor, Chepkeigei.					
	Development of slaughterhouse	Construction of livestock slaughter slab at Itembe market					
		Construction of a tannery					
	Diversification of livestock production	Promotion of fish farming by constructing fish ponds, fingerlings and refrigeration facilities					

		Facilitate Poultry keeping by incorporating hatcheries					
		Support Bee keeping activities through provision of subsidized bee hives					
	Promotion of green house farming	Establish model green houses at five villages i.e Kapkesosio, Kilombero, Chebois, Tebeswet, Sugutek villages.					
<b>SIGOR</b>	Development of cooperative Societies	Support the existing cooperatives and registered groups					
	Improving shelf live of milk	Facilitate the formation of a cooperative association and support it to install a milk cooling plant in Sigor					
	Post harvest handling of agricultural produce	Establish tomatoes processing plant in every sub location					
	Post harvest handling of agricultural produce	Construct a cereal storage facility at sigor market linked to the cooperatives					
	Promotion of agriculture extension services	Establish a model Green-house in every location					
		Establish dairy goats breeding groups linked to the cooperatives in ward					
<b>SINGORWET</b>	Singorwet Potato cooperatives and cold storage facilities	Support establishment of a multipurpose cooperatives in the ward					
	Balek dairy cooperative society	Revive the Balek dairy cooperative and set up a chilling plant					
	Aisaik hatcheries cooperative society	Facilitate Poultry keeping by incorporating hatcheries					
	Masese bee keeping cooperative society	Support Bee keeping among the youth groups linked to the cooperative society
