8\***MOTION** (Hon. Joyce Korir)

**THAT**, aware that Article 43(b) of the Constitution provides that every person has the right to reasonable standards of sanitation; also aware that the Sanitation standard of toilets in this County assembly is wanting; further aware that the water table in Bomet is so high leading to overflow of our poorly constructed toilets; deeply concerned that continued use of the existing toilets in this County assembly will put the lives of the Members in danger and will portray our institution in bad light; this County Assembly do resolve to form a special Committee to look into the state of sanitation of our premises in particular the Chambers and the toilets with a view of coming up with recommendations to this House as to the necessary steps to be taken.
