**8.* Motion (Establishment of a Sustainable Community Health Volunteers Model)
(Hon. Leonard Kirui)**

THAT, aware that County Health services including promotion of primary health care is one of the functions devolved under the Fourth Schedule of the Constitution of Kenya 2010, also aware that Community Health Volunteers play a critical role in mobilizing communities in taking care of their health, and providing basic healthcare at community level, further aware that there is need to establish functional units consisting of volunteers from communities across the county that will improve awareness among individual and community on non-communicable diseases and their risk factors, basic preventive measures, and detection of risk, transformation of health knowledge to healthy behavior and lifestyle and creating healthy lifestyle environment; Deeply concerned this Community Health Volunteers being critical component in health services provision have not been effectively utilized within our county; this County Assembly urges the County Executive Committee to urgently establish a sustainable Community Health Volunteers model and engage Community Health Volunteers in every dispensary within the county.
